

Quick Release Resort Top

1. Remove front poles from cart.
2. Position quick release top mounts to the cart using existing spacers and bolts.
3. Cut (shorten) roof top strut bar ; cut at top hole in half so that bar will rest on top bolt.
4. Place roof top strut bar back into quick release mount.
5. Screw thug knob into place and mark pole.
6. Where you just marked pole pull it out and drill a 3/8" hole on the outside so thumb knob will no go through pole.
7. Replace pole and tighten down thumb knob.
